## COMPANY PROFILE

Aero VIM GmbH, founded in 2015, is a German supplier of certified commercial aircraft parts, headquartered in Nieder-Olm near Frankfurt — minutes from one of Europe's largest air-cargo hubs. We source, stock and distribute material for Airbus and Boeing fleets worldwide, serving airlines, MRO providers, operators, leasing companies and trading partners. Civil aviation only — no military or defence material.

## PRODUCTS & SERVICES

- Rotable components (OH / SV / AR)
- Expendables & consumables (NE / NS)
- APUs & engine parts (CFM, IAE, GE, P&W, Honeywell)
- Avionics & flight-deck instruments
- Cabin interiors, seats & seat parts
- Airframe components, all major ATA chapters
- Tooling & ground support equipment
- Sourcing, exchange, loan & repair management

## QUALITY & COMPLIANCE

ASA-100 accredited quality system (FAA AC 00-56B), Certificate No. 46881217-4, held since 2017  
FAA 8130-3 / EASA Form 1 / Certificate of Conformity documentation with every applicable shipment  
Documented incoming inspection; controlled, climate-managed storage; ATA-300-standard packing  
Export control: EU Dual-Use Regulation 2021/821, German AWG/AWV, US EAR awareness,  
denied-party screening and end-use verification on every transaction
